

TOPICAL LIGHT INFUSION (TLI)

DATA SHEETS

TLi - WRINKLE REPAIR SERUM (STEP 1)

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	Vitamin C and natural lightening and collagen stimulating actives have long been known to positively affect the skin. This gentle yet effective serum uses the proven understanding of natural ingredients to stimulate and promote the production of collagen while defending against free radical damage. It inhibits melanin production and aids in the repair of sun damaged and environmentally stressed skin.
DIRECTIONS	**Professional Use -** This is a two-step process and should be used in conjunction with the Wrinkle Repair Cream and the LIGHTWAVE System. Please see *Topical Light Infusion Wrinkle Repair* protocol for complete details.
POWER PURE™ INGREDIENTS	**Aminopropyl Ascorbyl Phosphate (C-Mate) -** A stable, nonacidic, and penetrating form of Vitamin C that promotes collagen synthesis and wound healing, lightens skin pigmentation, stabilizes free radicals, and protects against UVB. **Algae Extract (Seamollient)-** A therapeutic blend of Hawaiian sea plants that protects the mitochondria and increases the ATP levels of skin cells, allows for cell turnover, binds moisture, and hydrates the skin. **L-Sodium Hyaluronate (Hyaluronic Acid)** – Increases moisture retention, enhances elasticity, provides a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration than any other natural substance and has healing properties.
ACTIVE INGREDIENTS	**D-Panthenol (Vitamin B5) -** Penetrates quickly and effectively into the skin, aiding in tissue repair. Works as an anti-inflammatory agent and helps to minimizes sun damage. **Green Tea -** Antioxidant with powerful anti-inflammatory properties that reduce free radical damage. It inhibits collagenase and promotes a vasodilatation response. Its anti-inflammatory quality promotes skin regeneration and wound healing. **Alpha-Arbutin-** Promotes skin lightening, blocks epidermal melanin biosynthesis by inhibiting tyrosinase. **Astaxanthin** - Anti-inflammatory antioxidant, derived from the carotenoid family. Studies show that it has strong antioxidant activity (10 times higher than beta-carotene), and can be more than 100 times more effective antioxidant than Vitamin E. **Ubiquinone (CoQ10**)- Co-Enzyme Q10 is a vitamin like antioxidant that helps to boost cellular activity. It helps to fortify the skin's defenses against UV damage, while reducing the appearance of wrinkles, strengthening cell membranes, and providing the skin with new energy. **Niacinamide (B3)** - Studies have shown that Niacinamide stimulates microcirculation in the dermis, increases ceramide and fatty acid levels in the skin, reduces water loss and increases hydration.
COMPLETE INGREDIENT LISTING	Purified Water, algae extract (Seamollient), Aminopropyl Ascorbyl Phosphate, L-Sodium Hyaluronate (Hyaluronic Acid), D-Panthenol, Glycyrrhizic Acid (Licorice Root), Caffeine, Sorbic Acid, Caprylyl Glycol, Phenoxyethanol, Carboxylic Acid. Globularia Cordifolia Callus Culture Extract, Aloe Barbadensis Leaf Extract, Camelia Sinensis Leaf Extract (Green Tea), Glycerin, Rosa Canina Oil (Rosehip Seed), Dimethyl Sulfone (MSM), Alpha Arbutin, Ubiquinone (CoQ10), Tocopheryl Acetate (Vitamin E), Butyrospermum Parkii (Shea Butter), Rubus Idaeus Oil (Raspberry Seed), Oenothera Biennis Oil (Evening Primrose), Vitis Vinifera Seed Oil (Grapeseed), Tanacetum Annuum Linnaeus Oil (Blue Tansy), Niacinamide (Vitamin B3), Undaria Pinnatifida Cell Culture Extract (Wakame Bioferment), Curcuma Longa Extract (Turmeric), Ginkgo Biloba Leaf Extract (Ginkgo), Silybum Marianum Extract (Milk Thistle), Salvia Officinalis Centella Asiatica Extract (Gotu Kola), Equisetum Arvense Extract (Horsetail), Triethanolamine Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Phenoxyethanol, Ethylhexylglycerin.

TLi - WRINKLE REPAIR CREAM (STEP 2)

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	More than 90% of premature aging is caused by photo-damage resulting in a loss of collagen and elasticity, wrinkling and hyper-pigmentation. We combined eight cutting-edge peptides to address all aspects of aging. Matrixyl™ 3000 and SYN®-COLL promote collagen synthesis while Peptamide™ 6 firms and tones skin. Argireline®, Leuphasyl® and SNAP-8 band together to reduce and prevent wrinkles. Melanostatine®5 brightens photo-damaged skin while Aldenine ® protects against further harmful UV damage.
DIRECTIONS	**Professional Use-** This is a two-step process and should be used in conjunction with the Wrinkle Reapir Serum and the LIGHTWAVE System. Please see *Topical Light Infusion Wrinkle Repair* protocol for complete details.
POWER PURE™ INGREDIENTS	**Peptamide™ 6 -** visibly firms skin. **Matrixyl™ 3000 -** reduction of wrinkles. **SYN®-COLL -** improvement in wrinkles. **Argireline® -** decrease in deep wrinkles. **SNAP-8 -** wrinkle reduction. **Aldenine ® -** RCS scavenging. **Melanostatine®5 –** inhibition of melanin synthesis. **Leuphasyl® -** reduction in wrinkle depth when combined with Argireline.
ACTIVE INGREDIENTS	**Wheat Protein -** Provides tightening results while naturally aiding the skin in retaining vital moisture. **Tocopherol (Vitamin E) -** Known as an antioxidant "superstar" due to its incredible healing and repairing properties and provides natural protection from damage caused by the sun. **Black Currant Seed Oil -** A natural plant oil that promotes healthy skin growth. Also contains GLA (Gamma Linolenic Acid) which is a powerful antioxidant and cell regulator. **Rosehip oil -** A rich in essential fatty acids, vitamins, and minerals. It has natural antioxidant properties and is slightly astringent. Rosehip oil has been shown to help improve skin elasticity, regenerate skin cells, slow down premature aging, reduce the formation of wrinkles, and reduce scarring. **Green Tea -** Antioxidant with powerful anti-inflammatory properties that reduce free radical damage. It inhibits collagenase and promotes a vasodilatation response. Its anti-inflammatory quality promotes skin regeneration and wound healing. **Squalane -** Helps to improves skin elasticity and hydration. Excellent emollient which has antioxidant and immune stimulating properties. Squalane is non-comedogenic. **Jojoba Seed Oil -** Effective moisturizer and emollient that helps to improve skin elasticity and suppleness. **L-Sodium Hyaluronate (Hyaluronic Acid) -** Increases moisture retention, enhances elasticity, provides a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance and has healing properties.
COMPLETE INGREDIENT LISTING	Purified Water, Glycerin, Caprylic/Capric Triglyceride, Hexapeptide-11, Cetearyl Alcohol, Squalane, Cetearyl Olivate, Simmondsia Chinensis (Jojoba) Seed Oil, Copper Tripeptide-1, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Palmitoyl Tripeptide-5, Pentapeptide-18, Acetyl Hexapeptide-8, Acetyl Octapeptide-3, Tripeptide-1, Nonapeptide-1, Sodium Hyaluronate (L), Rosa Canina (Rose Hip) Fruit Oil, Helianthus Annuus (Sunflower) Seed Oil, Hydrolyzed Soy Protein, Hydrolyzed Wheat Protein, Camellia Oleifera (Green Tea) Leaf Extract, Tocopherol (D-alpha), Ribes Nigrum (Black Currant) Seed Oil, Glycine Soja (Soybean) Oil, Polysorbate 20, Phenethyl Alcohol, Caprylyl Glycol, Butylene Glycol, Gluconolactone, Sorbitan Olivate, Sodium Benzoate, Carbomer, Alcohol Denat., Phytic Acid, Xanthan Gum, Potassium Sorbate, Phenoxyethanol, Dextran.

TLi - SKIN BRIGHTENING SERUM (STEP 1)

SKIN TYPES	Appropriate for mature skin.
DESCRIPTION	Working synergistically, this unique high concentration blends a stable form of Kojic acid and Vitamin C safely lightens pigmentation on the skin caused by aging or exposure to the sun. It stimulates cellular turnover and removes pigments softly by exfoliating the pigmented cells in the top layers. This serum stimulates collagen production while also preventing future production of excess pigmentation.
DIRECTIONS	**Professional Use Only-** This is a two-step process and should be used in conjunction with the Skin Brightening Cream and the LIGHTWAVE System. Please see *Topical Light Infusion Skin Brightening* protocol for complete details.
POWER PURE™ INGREDIENTS	**Magnesium Ascorbyl Phosphate -** A stable, water soluble derivative of Vitamin C. This potent antioxidant protects the skin from oxidation including UV rays, improves skin elasticity by stimulating collagen production, inhibits skin cells to produce melanin, lightens and brightens the skin, and acts as an anti-inflammatory agent. **Aminopropyl Kojyl Phosphate** - A stable form of kojic acid with strong whitening effects that enhances fibroblast proliferation and increases collagen synthesis. **Algae Extract (Seamollient) -** A therapeutic blend of Hawaiian sea plants that protects the mitochondria and increases the ATP levels of skin cells, allows for cell turnover, binds moisture, and hydrates the skin.
ACTIVE INGREDIENTS	**L-Sodium Hyaluronate (Hyaluronic Acid) -** Increases moisture retention, enhances elasticity, provides a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance and has healing properties. **D-Panthenol (Vitamin B5) -** Penetrates quickly and effectively into the skin aiding in tissue repair. Also works as an anti-inflammatory agent and helps to minimizes sun damage.
COMPLETE INGREDIENT LISTING	Purified Water, Algae Extract (Seamollient), Magnesium Ascorbyl Phosphate, (MAP-water-soluble derivative of vitamin C known as k3-Vita C) aminopropyl kojyl phosphate (stable form of Kojic Acid), L-Sodium Hyaluronate (Hyaluronic Acid), D-Panthenol, Propylene Glycol, Theophylline 7 acetic acid, Methylisothiazolinone, TEA Triethanolamine.

TLi - SKIN BRIGHTENING CREAM (STEP 2)

SKIN TYPES	Appropriate for mature skin.
DESCRIPTION	This rich cream is formulated with potent ingredients that work together to quickly fade away dark, pigmentation areas on the skin. Arbutin and Kojic Acid alone are a powerful duo, but we went a step further and included Tyrostat™ with Melanosatine®5. These 2 ingredients give a brighter, even, and more translucent look. Even after only one week, the skin texture is more refined for a whiter, healthy looking skin. The generous combination of hard core and botanical brighteners along with L-carnitine, provide the perfect balance of brightening and energy production to the skin.
DIRECTIONS	**Professional Use Only-** This is a two-step process and should be used in conjunction with the Skin Brightening Serum and the LIGHTWAVE System. Please see *Topical Light Infusion Skin Brightening* protocol for complete details.
POWER PURE™ INGREDIENTS	**Rumex Occidentalis Extract (Tyrostat™)** - Plant native to Northern Canadian prairies, reduces skin pigmentation by limiting both melanin production and skin reddening. It has also been shown to effectively reduce the appearance of age spots. **Nonapeptide-1 (Melanosatine®5)** - Biomimetic peptide, reduces hyper-pigmentation by preventing activation of tyrosinase and blocking melanin synthesis. Tyrosinase inhibition reduces the formation of unwanted pigmentation allowing for the control over skin tone and brown spots.
ACTIVE INGREDIENTS	**Alpha-Arbutin -** Promotes skin lightening, blocks epidermal melanin biosynthesis by inhibiting tyrosinase. **Kojic Acid (3%) -** Inhibits melanin production by inhibiting tyrosinase, provides gradual and continual skin lightening to relieve skin discolorations. **Bellis Perennis (Daisy) Flower Extract -** Highly efficient natural skin lightener, influences different pathways involved in melanin formation, decreases endothelin expression, and reduces tyrosinase expression antioxidant. **Carnitine (L) -** Transporter of fatty acids into mitochondria for energy production, increases skin cell turnover, moisturizing, exfoliator. **Morus Alba (Mulberry) Bark Extract -** Tyrosinase inhibitor with skin lightening properties, antioxidant, anti-inflammatory. **Arctostaphylos Uva Ursi (Bearberry) Leaf Extract –** Natural arbutin content for skin lightening properties, anti-bacterial, antioxidant.
COMPLETE INGREDIENT LISTING	Purified Water, Alpha-Arbutin, Butyrospermum Parkii (Shea) Butter, Coconut Alkanes, Caprylic/Capric Triglyceride, Glycerin, Stearic Acid, Kojic Acid, Glyceryl Stearate, Bellis Perennis (Daisy) Flower Extract, Cetearyl Alcohol, Styrene/Acrylates Copolymer, Dimethyl Isosorbide, Carnitine (L), Nonapeptide-1, Retinyl Palmitate, Lactic Acid (L), Rumex Occidentalis Extract, Olea Europaea (Olive) Fruit Oil, Citrus Aurantifola (Lime) Oil, Citrus Aurantium Dulcis (Orange) Peel Oil, Aloe Barbadensis Leaf Juice Powder, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Helianthus Annuus (Sunflower) Seed Oil, Citrus Medica Limonum (Lemon) Peel Oil, Citrus Grandis (Grapefruit) Peel Oil, Tocopherol (D-alpha), Tocotrienols, Elaeis Guineensis (Palm) Oil, Morus Alba (Mulberry) Bark Extract, Arctostaphylos Uva Ursi (Bearberry) Leaf Extract, Polysorbate 60, Cetyl Alcohol, Polysilicone-11, Henethyl Alcohol, Caprylyl Glycol, Xanthan Gum, Sodium Hydroxide, Potassium Sorbate, Trisodium Ethylenediamine Disuccinate, Citric Acid, Dextran.

TLi - POST RECOVERY SERUM (STEP 1)

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	Vitamin C and Vitamin C Derivatives have long been known to positively affect the skin. This gentle yet effective serum uses the proven understanding of vitamin C to stimulate and promote the production of collagen while defending against free radical damage. It inhibits melanin production and aids in the repair of sun damaged and environmentally stressed skin. It is gentle enough to be used on compromised skin yet powerful enough to command superior results.
DIRECTIONS	**Professional Use Only-** This is a two-step process and should be used in conjunction with the Post Recovery Cream and the LIGHTWAVE System. Please see *Topical Light Infusion Post Ablative* protocol for complete details.
POWER PURE™ INGREDIENTS	**L-Sodium Hyaluronate (Hyaluronic Acid) -** Increases moisture retention, enhances elasticity, provides a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance and has healing properties **Sepitonic®M3-** This multi-mineral, chrono-energizing agent is made up of Magnesium, Zinc, and Copper. These elements help to maintain skin function and stimulate cellular regeneration while enhancing and brightening skin tone and restoring skin vitality. • Magnesium- Encourages protein synthesis and phosphates transfer. • Copper- Encourages synthesis of ATP, keratin, and collagen. • Zinc- Plays a role in the synthesis of DNA. It helps combat aging by stimulating reversal of the collagen matrix.
ACTIVE INGREDIENTS	**Bovine Colostrum-** Contains an ample amount of growth factors to stimulate skin barrier repair and reduce inflammation. In addition, this immune stimulant jump starts re-epithelialization and boosts collagen synthesis.
COMPLETE INGREDIENT LISTING	Purified Water, Sodium Hyaluronate, Magnesium Asparatate, Zinc Gluconate, Copper Gluconate, Bovine Colostrum.

TLi - POST RECOVERY CREAM (STEP 2)

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	This thick and creamy scar cream combines powerful ingredients to help heal and protect ablated skin while providing significant moisture for a quick recovery.
DIRECTIONS	**Professional Use Only-** This is a two-step process and should be used in conjunction with the Post Recovery Serum and the LIGHTWAVE System. Please see *Topical Light Infusion Post Ablative* protocol for complete details.
POWER PURE™ INGREDIENTS	**Aminopropyl Ascorbyl Phosphate -** A stable, nonacidic, penetrating form of Vitamin C that promotes collagen synthesis and wound healing, lightens skin pigmentation, stabilizes free radicals, and protects against UVB induced tumor formation in the skin. **Copper Tripeptide-1-** Assists in tissue repair and provides collagen synthesis. Skin will be firmer and fine lines less noticeable. **Ubiquinone (Co-Enzyme Q10) –** A powerful vitamin like antioxidant that helps to boost cellular activity by stimulating ATP production and defend against UV damage. It is found in every cell of the human body. **Seamollient (Algae Extract) –** A therapeutic blend of Hawaiian sea plants that protects the mitochondria and increases the ATP levels of skin cells, allows for cell turnover, binds moisture, and hydrates the skin.
ACTIVE INGREDIENTS	**Sclerocarya Birrea (Marula) Kernel Oil -** A potent antioxidant with free radical scavenging properties. It can reduce redness and scarring while also nourishing, moisturizing, and improving skin elasticity. **Aloe Barbadensis -** Aids in calming and soothing dry and irritated skin. It is a powerful moisturizer with antibiotic and wound healing abilities. It is a natural oxygenator (drawing and holding oxygen to the skin). For this same reason, it is one of the most effective cellular renewal ingredients available for use. **Octyl Methoxycinnamate -** An organic ester which reduces the appearance of scars while also protecting the skin against UV-B rays from the sun and sun damage. **Hydrolyzed Elastin -** Aids in the binding of moisture and works on preserving and improving skin elasticity and tightness. **Soluble Collagen -** Has excellent water retention and anti-wrinkle capacity and enhances the skin's elasticity and tone. It is also effective in supporting the growth of the cells of the skin and helps in healing and preventing premature ageing of the skin. **Retinyl Palmitate (Vitamin A) -** Increases collagen production, hydration and stimulation of skin cells which encourage repairing of damaged skin. A natural anti-aging ingredient responsible for anti-keratinization and improving skin's elasticity. **Allantoin -** An effective healing agent that helps to promote cellular renewal and it has a soothing and softening effect. **Bisabolol -** Derived from the Chamomile plant and acts as an anti-inflammatory to soothe irritated skin and accelerate the healing process. **D-Panthenol (Vitamin B5) -** Penetrates quickly into the skin aiding in tissue repair. Also works as an anti-inflammatory agent and helps to minimizes sun damage.
COMPLETE INGREDIENT LISTING	Purified Water, Sclerocarya Birrea (Marula) Kernel Oil, Aminopropyl Ascorbyl Phosphate (C-Mate), Aloe Barbadensis, Tergitol, Algae Extract (Seamollient), Propylene Glycol, Octyl methoxycinnamate, Hydrolyzed Elastin, Soluble Collagen, Octyl Salicylate, Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Carbomer, Copper tripeptide-1, Theophylline, Allantoin, D-Panthenol (Vitamin B-5), Dimethiconol Cysteine, Magnesium Sulfate, Potassium Chloride, Bisabolol, Calcium Chloride, Ubiquinone (co-Q10), Methylisothiazolinone.

TLi - PEPTIDE PRO NUTRIENT BOOSTING MASK

SKIN TYPES	Appropriate for most skin types. Do not use if your client has a sensitivity to glycerin. If the client shows signs of redness, remove mask with warm water.
DESCRIPTION	This powerful peptide nutrient mask boosts the skin's hydration levels and delivers potent antioxidants, and anti-inflammatory ingredients to instantly revive aged and photo damaged skin resulting in a healthy glowing complexion. It also contains Aldenine®, a remarkable anti-aging peptide designed to restore elasticity and firmness.
DIRECTIONS	**Professional Use-** This is a single step process and the entire air-tight syringe should be used before undergoing the LIGHTWAVE infusion treatment. Please see *Topical Light Infusion Peptide Pro Nutrient Mask* protocol for complete details.
POWER PURE™ INGREDIENTS	**Arginine HCL -** An amino acid derived nitric oxide used to promote vasodilation and increase blood flow as well as nutrient delivery (vitamin C, vitamin E and B3) and skin repair. **Aldenine® (Tripeptide-1, Hydrolyzed Soy Protein, Hydrolyzed Wheat Protein)-** Protects the skin from Photodamage and DNA damage, as well as neutralizes noxious pollution stressors, 4-hydroxy-2-nonenal (HNE), reactive oxygen species (ROS) and (RCS) reactive carbonyl species. It essentially acts as a cellular detoxifier and stimulates collagen. **Pheohydrane® (Hydrolyzed Algin, Algae Extract) –** Derived from a marine source, these algae boosts skin's ability to retain moisture. It immediately binds water to the stratum corneum and helps with the construction of the NMF. **Epigallocatechin Gallate (ECGC) -** EGCG protects against oxidative free-radical DNA damage, and the effects of ionizing radiation and ultraviolet radiation. It inhibits lipid peroxidation and helps prevent skin from wrinkling and aging.
ACTIVE INGREDIENTS	**Aloe Barbadensis -** Aids in calming and soothing dry and irritated skin. It is a powerful moisturizer with antibiotic and wound healing abilities. It is a natural oxygenator (drawing and holding oxygen to the skin). For this same reason, it is one of the most effective cellular renewal ingredients available for use. **Ascorbyl Palmitate -** A fat-soluble form of vitamin C. It can be stored in cell membranes until it is required by the body. It manufactures collagen and is an effective free radical-scavenging antioxidant which promotes skin health and vitality. **Niacinamide (B3)** - Studies have shown that Niacinamide stimulates microcirculation in the dermis, increases ceramide and fatty acid levels in the skin, reduces water loss and increases hydration. **Honeysuckle Extract** - Soothes, softens, and calms the skin. Anti-bacterial, anti-inflammatory, and cleanses and purifies. **Tocopherol (Vitamin E) -** Known as an antioxidant "superstar" due to its incredible healing and repairing properties and provides natural protection from damage caused by the sun.
COMPLETE INGREDIENT LISTING	Purified Water, Glycerin, Arginine HCL, Caprylic/Capric Triglyceride, Polyglyceryl-4 Caprate, Niacinamide, Camellia Sinensis (Green Tea) Leaf Extract, Epigallocatechin Gallate, Chlorella Vulgaris (Algae) Extract, Hydrolyzed Algin, Tripeptide-1, Hydrolyzed Soy Protein, Hydrolyzed Wheat Protein, Glycine Soja Oil, Tocopheryl Acetate, Ascorbyl Palmitate (L), Aloe Barbadensis Leaf Juice Powder, Lonicera Caprifolium (Honeysuckle) Flower Extract, Commiphora Myrrha Oil, Lonicera Japonica (Honeysuckle) Flower Extract, Citrus Aurantifola (Lime) Peel Extract, Limonene, Xanthan Gum, Carbomer, Potassium Sorbate, Phytic Acid, Citral, Alcohol Denat.

TLi - COLLAGEN RENEWAL BOOSTING MASK

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	Our Collagen Cellular Renewal Mask is ideal for tired, dull, dehydrated skin. This collagen boosting mask is a highly concentrated formula enhanced with Sepitonic M3, a multi-mineral chrono-energizer comprised of Magnesium, Zinc, and Copper. This anti-aging super ingredient is designed to help repair damaged cell membranes and fortify the skin's support structure to recover its vitality, firmness, and moisture balance. Firmer, softer, smoother, and more translucent skin is often noticeable after just 1-2 treatments.
DIRECTIONS	**Professional Use-** This is a single step process and the entire air-tight syringe should be used to evenly coat the treatment area before undergoing the LIGHTWAVE infusion treatment. Please see *Topical Light Infusion Cellular Renewal Collagen Mask* protocol for complete details.
POWER PURE™ INGREDIENTS	**Sepitonic®M3-** Made up of Magnesium, Zinc and Copper. These elements help to maintain skin function and stimulate cellular regeneration while enhancing and brightening skin tone and restoring skin vitality. • Magnesium- encourages protein synthesis and phosphates transfer. • Copper- encourages synthesis of ATP, keratin, and collagen. • Zinc- plays a role in the synthesis of DNA. It helps combat aging by stimulating reversal of the collagen matrix. **Magnesium Ascorbyl Phosphate -** A stable, water soluble derivative of Vitamin C. This potent antioxidant protects the skin from oxidation including UV rays, improves skin elasticity by stimulating collagen production, inhibits skin cells to produce melanin, lightens and brightens the skin, and acts as an anti-inflammatory agent.
ACTIVE INGREDIENTS	**L-Taurine -** A powerful antioxidant that revitalizes and energizes skin cells while providing protection against oxidative damage. **Vitamin B Complex (Yeast Extract) -** A plant derived ingredient which provides intense moisture to dry, chapped skin while restoring elasticity and reducing fine lines. **Phytic Acid -** A naturally derived plant extract that has keratolytic properties to aid in cell turnover. It inhibits the tyrosinase process and acts as a melanin formation blocker while providing protection against free radicals. **Tetrahexyldecyl Ascorbate -** A very stable, oil-soluble form of vitamin C. It can mitigate the damaging effects of UV exposure and stimulate healthy collagen production. It clarifies and brightens the skin by inhibiting the production of pigment for a more even skin tone. It also helps protect the vitamin C component from rapid oxidation. **Docosahexaenoic Acid -** A fatty acid that helps supplement the skin's intercellular matrix and protect the skin cells from losing water. It is considered a natural moisturizing factor. **Phosphatidylcholine -** An active ingredient in lecithin. Every cell membrane in the body requires phosphatidylcholine (PC). PC is considered a great water-binding agent. **Ferulic Acid-** Scavenges free radicals and protects cells from environmental damage including UVB-induced erythema. **Ascorbyl Palmitate -** A fat-soluble form of ascorbic acid, or vitamin C. This form of Vitamin C can be stored in cell membranes until it is required by the body. It manufactures collagen and is an effective free radical-scavenging antioxidant which promotes healthy skin. **Dimethyl MEA -** A cell communicating ingredient that helps protect the cell membrane, has an anti-inflammatory effect, and increases skin firmness.
COMPLETE INGREDIENT LISTING	Purified Water, Taurine, Yeast Extract, Copper Gluconate, Phytic Acid, Tetrahexyadecyl Ascorbate, Docosahexaenoic Acid (DHA), Sesamum Indicum (Sesame) Seed oil, Phosphatidylcholine, Ferulic Acid, Acetyl Carnitine HCL, Ascorbyl Palmitate, Magnesium Ascorbyl Phosphate, Magnesium Aspartate, Zinc Gluconate, Dimethyl MEA (DMAE), Benzyl Alcohol, Carbomer.

TLi – BODY FIRMING TREATMENT GEL

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	Targeting and addressing dimply, bumpy orange peel skin is generally a multistep process involving key factors such as increasing vasodilatation and lipolytic activity which breaks down fatty acids and coverts it into energy the body can use. Our Topical Light Infusion process allows the delivery of potent ingredients which have been shown to increase circulation, lipolytic activity, firmness, elasticity, and skin density.
DIRECTIONS	**Professional Use-** This is a single step process and the entire air-tight syringe should be used to evenly coat the target area before undergoing the LIGHTWAVE infusion treatment. For best results, this treatment should be applied only after the target area has been exposed to physical stimulation by a cellulite system such as GX99, Vela Smooth, etc., or by manual manipulation such as rolling the skin tissue or performing a deep tissue massage. Please see *Topical Light Infusion Body Firming Treatment* protocol for complete details.
POWER PURE™ INGREDIENTS	**Palmitoyl Tripeptide-1 -** A naturally occurring copper peptide complex made up of three amino acids. This powerful peptide acts as messengers of cutaneous restructuring and repair, and works synergistically to significantly improve skin laxity, and increase skin density and thickness. It protects the skin from DNA damage, as well as carbon and pollution stressors such as (RCS) reactive carbonyl species. It acts as a cellular detoxifier and stimulates the production of collagen III up to 300%, while stimulating dermal keratinocyte proliferation.
ACTIVE INGREDIENTS	**L-Arginine (amino acid)-** Induces vasodilation, strengthens fiber bonds, and stimulates collagen. **Lecithin-** Rebuilds cell walls and decreases waste in the body. **Caffeine and L-Carnitine -** Increases circulation and vasodilation, removes toxins, fat, and excess fluid, and coverts stored fat into energy. **Niacinamide (B3) -** An antioxidant that stimulates microcirculation in the dermis, increases ceramide and fatty acid levels in the skin, reduces water loss, and increases hydration. **Camellia Sinensis (Green Tea) Leaf Extract -** This anti-inflammatory extract contains polyphenols which offer potent antioxidant activity through the scavenging of free radicals. **Aloe Vera-** Aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It has remarkable healing abilities because it is a natural oxygenator (drawing and holding oxygen to the skin). **Ascorbyl Palmitate (L) -** Non-acidic, stable Vitamin C, but without the irritation of Lascorbic acid. Significantly reduces erythema or redness. **Tocopherol (Vitamin E) -** Known as an antioxidant ‘‘superstar’’ due to its incredible healing and repairing properties and provides natural protection from sun damage. **Soybean Oil -** A potent antioxidant and anti-inflammatory agent that is rich in Vitamin E and helps to improve skin clarity and promote collagen synthesis. **Arginine HCL -** A special form of arginine that has been shown to cause significant increase in blood flow and nutrient delivery.
COMPLETE INGREDIENT LISTING	Purified Water, L-Arginine, Palmitoyl Tripeptide-1, Phytic Acid, Lecithin, Tetrahexyldecyl Ascorbate, Acetyl-carnosine, caffeine, L-Carnitine, Carnosine, Algae Extract, Dimethyl MEA (DMAE), Copper Gluconate, Magnesium Aspartate, Zinc gluconate, Carbomer, Benzyl Alcohol, sodium Hyaluronate, Disodium EDTA.

TLi - BLEMISH AND OIL CONTROL

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	Our Blemish Control Mask is ideal for congested and excessively oily skin. This healing mask is a potent formula enhanced with several Power Pure ingredients aimed to reduce inflammation, detoxify skin tissue, and reduce unsightly lesions.
DIRECTIONS	**Professional Use-** This is a single step process and the entire air-tight syringe should be used to evenly coat the treatment area before undergoing the LIGHTWAVE infusion treatment. Please see *Topical Light Infusion Blemish Control Mask* protocol for complete details.
POWER PURE™ INGREDIENTS	**Dermasyr™ (Maltodextrin, Syringa vulgaris leaf cell culture extract) -** Helps reduce skin blemishes and inflammatory hyper-pigmentation, controls skin redness and balances seborrhea. **BioFense Probiotics (Lactobacillus Ferment)-** A fermented probiotic that normalizes skin flora and reduces bacteria. BioFense has been shown to reduce the size of acne lesions and erythema faster and more effectively than salicylic acid. **AberMat (water, planktonic exopolysaccharide 5, phenoxyethanol) -** Absorbs excess sebum on the skin's surface without dehydrating or harming the epidermis. Provides a mattifying effect on the skin for up to hours after the treatment. **Seanamin SU (algae extract, sorbitol)-** A red and brown marine complex of whole and natural macro-algae. Seanamin SU hydrates and moisturizes the skin while boosting elasticity and improving skin tone and texture.
ACTIVE INGREDIENTS	**Sea Buckthorn Berry Oil -** This natural antioxidant contains a high content of nutrients essential for metabolism and regeneration of skin cells**.** Sea Buckthorn oil has essential fatty acids to help reverse damaging effects of sun radiation and minimize long term effects of sun exposure and promote natural skin restorative processes. This unique oil provides long term anti-inflammatory and restorative benefits and is great for all skin types. **Pearl Extract (Water, Glycerin, Pearl Powder, Maris Sal) -** A unique combination of natural marine minerals that provide anti-inflammatory and anti-bacterial benefits. Pearl Extract stimulates and invigorates the skin while detoxifying congested tissue. **Salicylic Acid (1%) -** A lipid and oil soluble beta hydroxy acid that is an exceedingly efficient keratolytic agent that gently exfoliates by dissolving the top layer of the corneum cells while also clearing skin impactions and helping to reduce oil content. It is a natural anti-bacterial and anti-microbial agent that has the unique ability to exfoliate inside the clogged pore as well as outside, making this an ideal acne fighting ingredient. **Aloe Barbadensis -** Aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It has remarkable healing abilities because it is a natural oxygenator (drawing and holding oxygen to the skin). **Honeysuckle Extract** - Soothes, softens, and calms the skin. Anti-bacterial, anti-inflammatory, and cleanses and purifies.
COMPLETE INGREDIENT LISTING	Purified Water, Glycerin, Lactobacillus Ferment, Pullulan, Menthyl Lactate (L), Salicylic Acid, Algae Extract, Alcohol Denat., Syringa Vulgaris (Lilac) Leaf Cell Culture Extract, Hippophae Rhamnoides (Sea Buckthorn) Extract, Hydrolyzed Collagen, Sea Salt, Pearl Powder, Glycyrrhiza Inflata Root Extract, Aloe Barbadensis Leaf Juice Powder, Saccharide Isomerate, Lavandula Angustifolia (Lavender) Oil, Santalum Austrocaledonicum (Sandalwood) Wood Oil, Jasminum Officinale (Jasmine) Oil, Cananga Odorata (Ylang Ylang) Flower Oil, Chondrus Crispus (Carrageenan), Sorbitol, Mannitol, Sodium Chloride, Citrus Aurantium Dulcis (Orange) Peel Oil, Calcium Gluconate, Caprylyl Glycol, Lonicera Japonica (Honeysuckle) Flower Extract, Sodium Hydroxide, Lonicera Caprifolium (Honeysuckle) Flower Extract, Carbomer, Glucosamine HCl, Hydrolyzed Actin, Xanthan Gum, Sodium Glucuronate, Phytic Acid, Phenoxyethanol, Potassium Sorbate.

TLi - REVITALIZING RETINOL MASK

SKIN TYPES	Appropriate for most skin types. Do not use if your client has a sensitivity to vitamin A. If the client shows signs of redness, remove mask with warm water. **Avoid sun exposure for up to 72 hours following the mask.**
DESCRIPTION	This invigorating retinol mask revitalized dull, aged skin by infusing the power of vitamin A or retinol into the skin layers below. This mask is extremely effective at increasing cell turnover and improving cellular communication resulting in improved tone, texture, and overall skin health. It assists in collagen production and reduces fine lines and wrinkles to create a vibrantly youthful complexion.
DIRECTIONS	**Professional Use-** This is a single step process and the entire air-tight syringe should be used to evenly coat the treatment area before undergoing the LIGHTWAVE infusion treatment. Please see *Topical Light Infusion Retinol Revitalizing Mask* protocol for complete details.
POWER PURE™ INGREDIENTS	**Longevicell® (Water, Hydrolyzed Myrtus communis leaf extract) -** This superstar ingredient, derived from myrtle (a Mediterranean shrub rich in oligogalacturonans), works as an effective cell communicator and regenerator to inhibit collagen glycation and limit the appearance of aging. Longevicell® stimulates the protein that increases cell longevity and prevents dermal tissue from becoming rigid, by blocking protein glycation and improving cellular communication. **Adaptonyl® (Water, Withania somnifera Indian Ginseng root extract) -** A powerful antioxidant and collagen protector. This well-known cellular energizer regenerates cells stressed by external conditions and inhibits MMP activity. Adaptonyl® repairs and reinforces the skin barrier function and contributes to overall cutaneous homeostasis.
ACTIVE INGREDIENTS	**Retinol (Encapsulated)** – This stable form of retinol helps reduce the appearance of wrinkles and restore the look of UV damaged skin. It improves the appearance of skin elasticity the decreases the appearance of wrinkles through a time released encapsulation process which improves results by protecting the retinol from oxidation. **Witch Hazel-** Effective astringent known to sooth inflamed damaged skin. Witch hazel helps prevent peeling and flaking associated with excess exfoliation and sun exposure. Its anti-inflammatory properties also exhibit active oxygen-scavenging effects to protect against free radical damage.
COMPLETE INGREDIENT LISTING	Purified Water, Hamamelis Virginiana (Witch Hazel Water), Retinol, Glycerin, Cyclodextrin, Myrtus Communis (Myrtle) Extract, Withania Somnifera (Indian Ginseng) Root Extract, Gluconolactone, Xanthan Gum, Carbomer, Alcohol, Sodium Hydroxide, Sodium Benzoate.

TLi - HYDRA-FORTIFYING CERAMIDE BOOSTING MASK

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	Our Hydra-Fortifying Ceramide Mask is a single step cream-based mask. This hydrating rich cream is ideally suited for addressing the needs associated with hormonal aging such as dry, brittle, lifeless skin. It effectively delivers a high dose of ceramides and skin strengthening peptides. This sensitive skin formula helps to prevent transepidermal water loss (TEWL), restore hydration, even out skin tone, boost firmness, and improve nutrient exchange.
DIRECTIONS	Professional Use- This is a single step process. The entire air-tight syringe should be used to evenly coat the treatment area before undergoing the LIGHTWAVE infusion treatment. Please see *Topical Light Infusion Hydra-Fortifying Ceramide Mask* protocol for complete details.
POWER PURE™ INGREDIENTS	**SK-Influx®V -** A skin-identical lipid concentrate designed to significantly restore the protective barrier function of the skin enhance delivery and exchange of skin lipids resulting in skin moisturization and protection. **Lactomide-** Uses a combination of encapsulated ceramide-3 and milk lipids to instantly replenish ceramides and stimulate the synthesis of ceramides to strengthen barrier function. **SYN®-Tacks -** A powerful peptide combination designed to increase elasticity, firmness, and skin suppleness by boosting the function of the Dermal-Epidermal Junction (DEJ). Strong structural integrity, epidermal nourishment and cellular communication is key to healthy, firm skin.
ACTIVE INGREDIENTS	**SYN®-Hycan -** A tripeptide that helps fight the signs of visible aging by boosting the skin's own production of connective tissue proteins (hyaluronan & proteoglycans) and protecting the skin's own collagen from breaking down. It also increases the expression of decorin and lumican – two important proteoglycans that support the formation of new collagen fibrils, resulting in firmer, stronger skin. **SYN®- Coll-** A peptide designed to activate tissue growth factor (TGF-beta) and stimulate the skin's natural mechanism to significantly boost collagen production while inhibiting collagen degrading MMPs enzymes resulting in a visible smoothing and wrinkle-reduction effect. **Retinyl Palmitate (Vitamin A)** - Increases collagen production, hydration and stimulation of skin cells which encourage repairing of damaged skin. A natural anti-aging ingredient responsible for anti-keratinization and improving skin's elasticity. **Green Tea-** Antioxidant with powerful anti-inflammatory properties that reduce free radical damage. It inhibits collagenase and promotes a vasodilatation response. Its anti-inflammatory quality promotes skin regeneration and wound healing. **Ascorbyl Palmitate -** A fat-soluble form of ascorbic acid. This form of Vitamin C can be stored in cell membranes until it is needed by the body. It manufactures collagen and is an effective free radical-scavenging antioxidant which promotes skin health and vitality.
COMPLETE INGREDIENT LISTING	Aloe, Rose Distillate, Jojoba Seed Oil, Glycerin, Avocado Oil, Ceramide 3, Emulsifying Wax NF, Ceramide 6 II, Ceramide 1, Phytosphingosine, Palm Kernel Oil, Purified Water, D-alpha Tocopherol, Milk Lipids, Palmitoyl Tripeptide-5, Palmitoyl Dipeptide-5 Diaminobutyloyl Hydroxythreonine, Palmitoyl Dipeptide-6 Diaminohydroxybutyrate, Tetradecyl Aminobutyroylvalylaminobutyric Urea Trifluoroacetate (Syn-Hycan Peptide) , Retinol Palmitate, Green Tea Leaf Extract, Rosehip Seed Oil, Ascorbyl Palmitate, D-Panthenol, Allantoin, Cholesterol, Sodium Lauroyl Lactylate, Black Willow Bark Extract, Carrot Seed Oil, Rosemary Oleoresin, Neem Oil, Wheat Germ Oil, Phenoxyethanol, Xanthan Gum, Carbomer, Tetrasodium EDTA, Citric Acid.

TLi - HYALURONIC PEPTIDE GEL MASK

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	This mask is infused with a powerful blend of hyaluronic acid, marine collagen, peptides, and nourishing vitamins and minerals. In as little as 15 minutes, these clinical strength ingredients rapidly restore hydration levels, improve microcirculation, and calm the skin. The skin usually appears smoother, firmer and plumper after just one to two treatments.
DIRECTIONS	**Professional Use-** This is a single step process. Open the packet and gently unfold the topically infused gel mask. Place on the face with the eyes, nose and mouth openings positioned in the appropriate places. To maximize the mask, smooth the gel so that it lays flat on the skin and covers as much area as possible but still allows the client to feel comfortable. Apply any excess liquid from the packet to the décolleté area. Once the mask is in place, please see *Topical Light Infusion Hyaluronic Hydrating Peptide Mask* protocol for complete infusion details.
POWER PURE™ INGREDIENTS	**Medical Grade Hyaluronic Acid -** Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance. **Peptan® SR Marine (Hydrolyzed Collagen Peptide)-** Boosts fibroblast renewal and stimulates the synthesis of collagen molecules within the dermis, thus preserving its structural organization. It also protects against free radicals, limiting damaging effects. **Argireline® (Acetyl Hexapeptide-8)-** An amino-peptide that blocks transmitter signals from facial muscles to the skin, keeping the skin relaxed and smooth.
ACTIVE INGREDIENTS	**Green Tea -** Antioxidant with powerful anti-inflammatory properties that reduce free radical damage. It inhibits collagenase and promotes a vasodilatation response. Its anti-inflammatory quality promotes skin regeneration and wound healing. **Sepitonic®M3-** This multi-mineral chrono-energizing agent is made up of Magnesium, Zinc and Copper. These elements help to maintain skin function and stimulate cellular regeneration while enhancing and brightening skin tone and restoring skin vitality. • Magnesium- encourages protein synthesis and phosphates transfer. • Copper- encourages synthesis of ATP, keratin, and collagen. • Zinc- plays a role in the synthesis of DNA. It helps combat aging by stimulating reversal of the collagen matrix. **Pheohydrane® (Hydrolyzed Algin, Algae Extract, Sea Water) –** Derived from a marine source, this alga blend rapidly improves hydration in the superficial epidermis and boosts skin's ability to retain moisture. It immediately binds water to the stratum corneum and helps to increase the NMF and then increases it in the whole epidermis. **Magnesium Ascorbyl Phosphate (Vitamin C) -** A stable, water soluble derivative of Vitamin C. This potent antioxidant protects the skin from oxidation including UV rays, improves skin elasticity by stimulating collagen production, inhibits skin cells to produce melanin, lightens and brightens the skin, and acts as an anti-inflammatory. **Tocopherol (Vitamin E) -** Known as an antioxidant "superstar" due to its incredible healing and repairing properties and provides natural protection from damage caused by the sun.
COMPLETE INGREDIENT LISTING	Purified Water, Seaweed Extract, Peptan® SR Marine (Hydrolyzed Collagen Peptide), Hyaluronic Acid, Argireline® (Acetyl Hexapeptide-8), Camellia Sinensis (Green Tea) Leaf Extract, Aloe Barbadensis Leaf Juice Powder, Magnesium Ascorbyl Phosphate (Vitamin C), Tocopherol (D-alpha), Magnesium Aspartate, Zinc Gluconate, Copper Gluconate, Chlorella Vulgaris (Algae) Extract, Hydrolyzed Algin, Sea Water.

TLi - PLUMPING HYDRATION GEL MASK

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	This mask contains a potent combination of medical grade hyaluronic acid and Pentavintin®, a skin strengthening and hydrating ingredient. In as little as 15 minutes, these clinical strength ingredients plump up the skin and provide a deep level of hydration that can last up to 72 hours. The skin will appear luminous, hydrated and plumper after just one to two treatments.
DIRECTIONS	**Professional Use -** This is a single step process. Open the packet and gently unfold the topically infused gel mask. Place on the face with the eyes, nose and mouth openings positioned in the appropriate places. To maximize the mask, smooth the gel so that it lays flat on the skin and covers as much area as possible but still allows the client to feel comfortable. Apply any excess liquid from the packet to the décolleté area. Once the mask is in place, please see *Topical Light Infusion Plumping Hydration Gel Mask* protocol for complete infusion details.
POWER PURE™ INGREDIENTS	**Medical Grade Hyaluronic Acid -** Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance. **Pentavintin® -** Provides instant deep hydration lasting for 72 hours. Strengthens skin barrier and stimulates key genes for skin barrier improvement.
ACTIVE INGREDIENTS	**Peptan® SR Marine (Hydrolyzed Collagen Peptide) -** Boosts fibroblast renewal and stimulates the synthesis of collagen molecules within the dermis, thus preserving its structural organization. It also protects against free radicals, limiting damaging effects. **Tocopherol (Vitamin E) -** Known as an antioxidant "superstar" due to its incredible healing and repairing properties and provides natural protection from damage caused by the sun.
COMPLETE INGREDIENT LISTING	Purified Water, Peptan® SR Marine (Hydrolyzed Collagen Peptide), Sodium Hyaluronate (Hyaluronic Acid), Pentavintin® (Saccharide Isomerate), Rosa Centifolia Flower Extract, Glycerin.

TLi – EPIDERAL GROWTH FACTOR (EGF) COMPLEX (STEP 1)

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	This Firming Mask is ideal for boosting collagen and cellular repair. This 2-step process combines a thick serum mask with a preformed gel mask. This skin repairing formulation combines the benefits of anti-aging peptides with an epidermal growth factor and hyaluronic acid. This blend of powerful ingredients has several benefits including reducing redness and pore size, boosting hydration, boosting the synthesis of Collagen I, III, and IV, and protecting against glycation. Firmer, smoother, vibrant, and more vibrant skin is often noticeable after just 1-2 treatments.
DIRECTIONS	**Professional Use-** This two-step process should be used in conjunction with the EGF Firming Complex Boosting Mask Step 2 and the Lightwave Infusion System. Please see *Topical Light Infusion EGF Firming Complex* protocol for complete infusion details.
POWER PURE™ INGREDIENTS	**EGF -** This synthetic Human Epidermal Growth Factor increases the rate of healing and supports natural skin rejuvenation and revitalization and has shown to restore aging cells by regulating cellular growth and modifying skin behavior. **Medical Grade Hyaluronic Acid** - Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance. **Epigallocatechin Gallate (ECGC)** - As a free radical scavenger, EGCG protects against oxidative free-radical DNA damage, and the effects of ionizing radiation and ultraviolet radiation. It inhibits lipid peroxidation and helps prevent skin from wrinkling and aging. **Copper Tripeptide-1**- Assists is tissue repair and provides collagen synthesis. Skin will be firmer and fine lines less noticeable. **Trylagen®**- Active peptides and proteins used to maintain collagen and boost the synthesis of collagen I, II, IV. Studies show wrinkle depth reduced by 29% in a month. **Renovage™-** A patented French formula clinically proven to boost moisture retention, reduce sun damage and protect against pre-mature aging. Continual use shows improved cellular communication, cellular division, and telomere stabilization.
ACTIVE INGREDIENTS	**Sea Kelp Bioferment - A** natural oil-free moisturizer that supplement the skin's intercellular matrix and protect the skin cells from losing water. It is a natural moisturizing factor. **L-Carosine -** An emollient that helps the skin to retain water and remain supple. It also protects the skin cells from water loss. It is a natural moisturizing factor. **Magnesium Ascorbyl Phosphate -** A stable, water soluble derivative of Vitamin C. This potent antioxidant protects the skin from oxidation including UV rays, improves skin elasticity by stimulating collagen production, inhibits skin cells to produce melanin, lightens and brightens the skin, and acts as an anti-inflammatory agent. **Betulinic Acid-** A natural antioxidant shown to actively reduces inflammation and inhibits the enzyme elastase to prevent and correct the loss of elastic fibers.
COMPLETE INGREDIENT LISTING	Purified Water, Aloe Barbadensis Leaf Juice, Pseudoalteromonas Ferment Extract, Glycerin, Cucumis Sativus Fruit Extract, Chrysin, L-Sodium Hyaluronate, Hydrolyzed Wheat Protein, L-Carnosine, Palmitoyl Oligopeptide, N-Hydroxysuccinimide, Palmitoyl Tetrapeptide-7, Lactobacillus/Nereocysstis Leutkeana Ferment Filtrate, Camellia Sinensis Leaf Extract, Palmitoyl Pentapeptide-3, rH-Oligopeptide-1, Sodium PCA, Hydrolyzed Soy Protein, Betulinic Acid, N-Acetyl Glucosamine, Magnesium Ascorbyl Phosphate, Hydrolyzed Soy Protein, Betulinic Acid, N-Acetyl Glucosamine, Magnesium Ascorbyl Phosphate, Hydrocotyl Extract, Tripeptide-10 Citrulline, Niacinamide, Tripeptide-1, Lecitthin, Punica Granatum Extract, Aescin, Boswellia Serrata Extract, Xanthan Gum, Triethanolamine, Caprylyl Glycol Steareth-20, Polysorbate-20, Carbomer, Phenoxyethanol.

TLi – EPIDERAL GROWTH FACTOR (EGF) COMPLEX (STEP 2)

SKIN TYPES	Appropriate for all skin types including sensitive.
DESCRIPTION	This Firming Mask is ideal for boosting collagen and cellular repair. This 2-step process combines a thick serum mask with a preformed gel mask. This skin repairing formulation combines the benefits of anti-aging peptides with an epidermal growth factor and hyaluronic acid. This blend of powerful ingredients has several benefits including reducing redness and pore size, boosting hydration, boosting the synthesis of Collagen I, III, and IV, and protecting against glycation. Firmer, smoother, vibrant, and more vibrant skin is often noticeable after just 1-2 treatments.
DIRECTIONS	**Professional Use-** This two-step process should be used in conjunction with the EGF Firming Complex Boosting Serum Step 1 and the Lightwave System. Please see *Topical Light Infusion EGF Firming Complex* protocol for complete infusion details.
POWER PURE™ INGREDIENTS	**Peptan® SR Marine (Hydrolyzed Collagen Peptide)-** Boosts fibroblast renewal and stimulates the synthesis of collagen molecules within the dermis, thus preserving its structural organization. It also protects against free radicals, limiting damaging effects. **Medical Grade Hyaluronic Acid -** Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance. **Adifyline®Peptide -** Has been clinically proven to increases fatty tissue volume. This powerful volumizer has been used to increase cheek density to help restore a youthful appearance. **Uplevity™ Peptide –** A multifunction peptide that actively targets sagging skin from the inside out. This powerful peptide counteracts gravity by organizing elastin fibers and improving dermal cohesion, resulting in increased firmness and a decrease in fine lines.
ACTIVE INGREDIENTS	**Tocopherol (Vitamin E) -** Known as an antioxidant “superstar” due to its incredible healing and repairing properties and provide natural protection from damage caused by the sun.
COMPLETE INGREDIENT LISTING	Purified Water, Peptan® SR Marine (Hydrolyzed Collagen Peptide), L-Sodium hyaluronate (Hyaluronic Acid), Acetyl Hexapeptide-38, Tocopherol (D-Alpha), Acetyl Tetrapeptide-2, Rosa Centifolia Flower Extract, Glycerin, Butylene Glycol, Caprylyl Glycol.

TLi-PRO POWER C LIQUID ACTIVATOR & VITAMIN C SPHERE (STEP 1)

SKIN TYPES	Appropriate for mature and aging skin.
DESCRIPTION	Our proprietary Pro Power C Liquid Activator is combined with our Highly Concentrated Vitamin C Sphere. Blending the liquid activator and vitamin c powder at the time of use ensures the freshest treatment possible for maximum efficacy and professional results. This 2-step process combines a powerful serum with a highly concentrated vitamin c powder sphere to create a supercharged formulation. This boosting Infusion is ideal for targeting fine lines and wrinkles, uneven skin tone and texture and unwanted dark spots. Brighter, vibrant, healthier, and more even skin is often noticeable after just 1-2 treatments.
DIRECTIONS	**Professional Use -** This is a two-step system. First, crush the pro power c Spere in the glass jar using the spatula found on the lid of the jar. Next, add Step 1 syringe of liquid activator to the jar containing the crushed sphere. Replace the lid to the jar and shake well. Use the syringe to draw the liquid activator back out of the jar. Apply the liquid evenly to the face and neck area. Once the entire syringe from Step 1 has been applied, apply Step 2 Pro Power C Boosting Mask. Once the mask is in place, please see *Topical Light Infusion Pro Power C* protocol for complete infusion details.
POWER PURE™ INGREDIENTS	**L-Ascorbic Acid-** This effective vitamin c sphere is freeze-dried in its purest form to maintain peak potency at almost an 80% concentration making it less likely to cause any irritation and highly tolerable by the skin. It has been proven to stimulate collagen production and is one of the strongest antioxidants available. **Glutathione-** A potent antioxidant which is used to help lighten and brighten again and sun damaged skin. When used in conjunction with vitamin c, the effects are amplified for quicker, more noticeable results. **Telangyn® Peptide-** This clinically proven tetrapeptide reduces redness and inflammation and temporarily prevents additional inflammation from occurring. It calms and soothes the skin for a more constituent tone and colorization. **Uplevity™ Peptide –** A multifunction peptide that actively targets sagging skin from the inside out. This powerful peptide counteracts gravity by organizing elastin fibers and improving dermal cohesion, resulting in increased firmness and a decrease in fine lines. **Matmarine™Blue-** A naturally marine derived biotech ferment which boosts hydration levels and reduces excess sebum. It helps treat imperfections such as large pores and excessive shininess.
ACTIVE INGREDIENTS	**Medical Grade Hyaluronic Acid -** Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance. **Bovine Colostrum-** Contains an ample amount of growth factors to stimulate skin barrier repair and reduce inflammation. In addition, this immune stimulant jump starts re-epithelialization and boosts collagen synthesis. **Sepitonic®M3-** This multi-mineral, chrono-energizing agent is made up of Magnesium, Zinc, and Copper. These elements help to maintain skin function and stimulate cellular regeneration while enhancing and brightening skin tone and restoring skin vitality. • Magnesium- Encourages protein synthesis and phosphates transfer. • Copper- Encourages synthesis of ATP, keratin, and collagen. Zinc- Plays a role in the synthesis of DNA. It helps combat aging by stimulating reversal of the collagen matrix.
COMPLETE INGREDIENT LISTING	**Power Pure Vitamin C Sphere:** L-Ascorbic Acid, Polyquaternium-10, Simmondsia Chinensis (Jojoba) Seed Oil. **Step 1 Liquid Activator:** Purified Water, L-Sodium hyaluronate (Hyaluronic Acid), Bovine Colostrum, Magnesium Asparatate, Zinc Gluconate, Copper Gluconate, Silver, Acetyl Tetrapeptide-40, Acetyl Tetrapeptide-2, Bacillus Ferment, Saccharomyces Ferment Filtrate, Citrus Aurantium Dulcis, Citrus Grandis Peel, Caprylyl Glycol.

TLi-PRO POWER C BOOSTING MASK (Step 2)

SKIN TYPES	Appropriate for mature and aging skin.
DESCRIPTION	This thin translucent, hyaluronic gel mask is the final finishing step in our most powerful Vitamin C infusion treatment available. This pre-formed gel mask is infused with medical grade hyaluronic acid and three anti-aging amino acids to help boost the restorative effects of our fresh vitamin C sphere. This treatment can be used as a stand-alone booster for any-5 star facial but is equally amazing as a proven antioxidant anti-aging treatment regimen.
DIRECTIONS	**Professional Use-** This is a two-step system. 1. Crush the pro power C Sphere in the glass jar using the spatula found on the lid of the jar. 2. Add Step 1 syringe of liquid activator to the jar containing the crushed sphere. Replace the lid to the jar and shake well. Use the syringe to draw the liquid activator back out of the jar. Apply the liquid evenly to the face and neck area. 3. Once the entire syringe from Step 1 has been applied, open the packet, and gently unfold the topically infused gel mask. Remove the paper backing. Place the crystal-clear gel mask on the face with the eyes, nose and mouth openings positioned in the appropriate places. To maximize the mask, smooth the gel so that it lays flat on the skin and covers as much area as possible but still allows the client to feel comfortable. 4. Once the mask is in place, please see *Topical Light Infusion Pro Power C* protocol for complete infusion details.
POWER PURE™ INGREDIENTS	**Medical Grade Hyaluronic Acid -** Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance.
ACTIVE INGREDIENTS	**Sh-oligopeptide-1-** A beneficial growth factor peptide composed of three amino acid superstars: glycine, histidine, and lysine. Glysine is a small anti-aging amino acid that penetrates easily to improve moisture content, increase collagen synthesis, and promote skin repair. Histidine is a powerful antioxidant which has shown to sooth and protect skin from irritation. Lysine helps firm and tighten the skin by stimulating the production of collagen.
COMPLETE INGREDIENT LISTING	Purified Water, glycerin, L-Sodium hyaluronate (Hyaluronic Acid), Bovine Colostrum, Sh-oligopeptide-1, Xanthan Gum, Hydroxyethylcellulose, Ammonium Acryloyldimethyltaurate/VP Copolymer. Ethylhexylglycerin, Decyl Glucoside, Propylene Glycol.
